

Monroe Clinic Rural Family Medicine Residency Program

Program Highlights

- Program is part of an integrated hospital and health system with 11 branch clinic locations serving southern Wisconsin and northern Illinois.
- State-of-the-art facility opened in 2012 featuring LEED-silver designation and high-fidelity simulation center.
- More than 10% of the medical staff are osteopathic physicians. Over 75% of the medical staff are involved in teaching programs with students, residents and fellows.
- Life, disability, health, vision and dental insurance are available to residents as well as a relocation allowance and CME stipend.
- Rural community of 10,000 located approx. 1 hour from Madison, WI and 2 hours from Chicago, IL.

Monroe Clinic has been a teaching site for the University of Wisconsin for over 60 years and has hosted resident rotations for 20 years. Fellowships are available for Family Medicine trained physicians including Hospitalist and Emergency Medicine.
